Washington, D. C., April 14.—The battle for the inside facts regarding the saie of the Philippine faira lands, waged by Representative Martin, of Colorado, who charges undue favoring of the so-called "sugar trust" in these transactions, brought out a mass of documents from the War Department to-day, but the Martin resolution, calling for the detailed and specific information, was tabled by the House. The Insular Affairs Committee had reported that the information had been furnished by the Secretary of War, and Chairman Olmstead, of that committee, therefore moved to table the measure. Representative Martin said to-day that Chairman Olmsted, of the Insular Affairs Committee, had refused to let him see the information furnished by the department, and added that he may "formulate specific charges against the administration of the Philippings both Western

Philippines, both in Washington and In the islands."

Mr. Martin says he understands that one of the attorneys, who, addressed the Insular Affairs Committee yesterlay, in a hearing on the Martin resolution, declared that he represented Havemeyer.

The correspondence and other data showed that Hammond, of the Strong & Cadalwader firm, had conferred with the Insular Bureau that acting Governor Forbes, of the Philippines, had cabled regarding proposed purchases of the friar lands by Prentis and Pool," of whom the Insular Bureau had no prior record, but the latter of whom E. A. Pool, of Havana, was said to represent the American Sugar Refining Company interests, and that it was held that there was no bar to the sale.
